Tom and I have been married since 1990. We moved to Denver in 1992. Denver is too "big-city", but there is a lot to do. We keep very busy with work, church activities, technical societies and hobby clubs. I spoil two cats and try to keep a few plants alive (not an easy trick out here).

We raise feeder pigs, have a few cows, and the kids and I raise sheep. For a year now I have been working part time as a secretary for the Boyd County Monitoring Committee. For the last eight years I have been very active trying to fight the low level radioactive waste dump they are trying to put here. I have also been our church's Sunday School Superintendent for the last 10 years. The girls and I are raising and selling Persian cats. I'm looking forward to seeing everyone June 9-10!

The past ten years have been very busy - busy enough to escape marriage! In 1990 I received my BS degree in Industrial & Technical Administration from Met. State College in Denver. After living in Denver for 16 years I was transferred to the Kansas City area in July 1994. I am a manufacturing engineer employed by Allied Signal/Aerospace a defense contractor for the Dept. of Energy. I reside in a small town outside of Kansas City on a whopping one acre piece of property.

My hobbies include building an attached garage, driving a 1933 Plymouth coupe street rod which will be completely restored by this summer, playing softball and fixing up the acreage. One hobby I had to give up was snow skiing since there's very little snow in Kansas.

Ten years already! Unbelievable but true. I'll miss the reunion again this time since I won't be back from Iceland until the end of July I'm still an engineer and in the Air Force. Since the last reunion, we have two more children (twins, age 2) to join our eldest, age 11. We have moved four times; to Washington D.C., Wichita, KS, Montgomery, AL and now Iceland. We are coming home this year, but don't know where. The Air Force hasn't made any commitments yet. Even with the force reductions, the Air Force has kept me on, even promoted me. With continued good luck, I'll hopefully make our 25th reunion.

A lot has happened to my family and me in the last 20 years. After high school I went to Wayne State College for one year. Upon finishing, I enlisted in the US Marine Corp. After basic training, I was sent to Hawaii. During that time I travelled extensively over seas, Japan, Korea, Philippines, Asia, and Australia. While in Australia I met my future wife, Cheryl. After leaving the Marines we came back to Lexington and got married. I worked in Cozad for some time. After the birth of our daughter Sarah, we moved to Texas. I reenlisted in the Marines and was sent to California. Our son Jason was born there.

The Marines took up the next 6 years. We moved from base to base, my wife taught school and the kids started school in Hawaii. We returned to North Platte where I worked as a Marine Recruiter. In 1989, after 12 years in the Marines we decided to move to Australia. Cheryl teaches elementary school, Sarah is in 9th grade, Jason is in 7th grade. They are very active both academically and in sports. They enjoy soccer, gymnastics, and wrestling. I work for Qantas Airlines as a freight operations supervisor. We live in a small suburb in a National Park on the edge of Sydney, a city of 2 million people. We all are very active in community affairs, sports, and still enjoy our hobbies.

Best wishes to everyone!

How is my life? BUSY!! I have two sons - Matt is 18 and Colby will soon be 15. The *"ten children just like you"* that my mother wished upon me got rolled into two!

I've been employed by Rural Economic & Community Development (formerly known as Farmers Home Administration) for 10 years now. I was recently promoted to the position of District Loan Specialist, and I am responsible for the loan development and servicing of apartment complexes. One of the more recent examples of my work are the 104 apartments that were developed at the site of Lexington's old drive-in movie theater.

I'm anxious to see everyone again!

Patti (Cochrane) Erpelding

I am a supervisor at Liberty Services in Kearney and I also work part-time at Country Kitchen. I have 2 boys. Randy is 17 years old and he lives at Johnson Lake, Daniel is 11 and is in the 5th grade. I married Kevin Erpelding on April 1, 1995 (finally after living together for 12 years!)

Sara (Darby) Hudgins

Kennesaw, GA 30144
404-428-7344

For the past 14 years I've lived in Kennesaw, GA, (about 25 miles north of Atlanta) and love it. I'm married to Ralph Hudgins, a native Georgian who believes there is no real football outside the South - but he's learning to cheer for the "HUSKERS". I still have the same job as at the 10 year reunion - legal assistant to an international business lawyer at Alston & Bird, a 300-lawyer firm that is over 100 years old. Currently we are in the process of selling our house in Kennesaw. We plan to move into the house Ralph grew up in the historic section of Marietta, GA late this summer along with our dog, Schnitzel.

Larry Davis
7118 So. 137th Ave.
Omaha, NE 68138
402-894-0844

Larry has experienced a great deal of change since the 10 year class reunion. He and his first wife divorced and he won custody of his three children. He was working as a machinist at the Lexington Sperry New Holland at the time but was laid off. After this he had several jobs in the area to put food on the table for his children.

While still in Lexington he started and organized a very needed group to help Single people.

He and his family moved to Hastings in 1988 and Larry sold cars for the Spadys. Later a more permanent job came along at the Nebraska Aluminum Castings in Hastings. His past machinist experience proved helpful in this new job. Larry worked in the foundry for a little over 5 years.

While still single and living in Hastings, Larry began attending the E-Free Church and was asked to help with a Single Again Group within the church. The group began to grow and this is where he met Kathy. After dating for two years they married on Jan. 2, 1993. She had four children. Of the seven children between them, two are at home. Two are in colleges, two are married (one with children, which made Larry and instant grandpa!) and one in the Navy. Larry's wife wants to go back to school for her masters in the medical field.

New opportunities came up which took them to Omaha in October of 1993. Currently Larry is learning a new business with a Kansas based company that markets the Internet Bulletin Board Systems with ComCor, Inc. He loves working with his personal computer 486 PC and is real excited about the future. Kathy is employed at Family Ear, Nose & Throat where she is the head RN & Clinical Supervisor.

Since the twins were born 2 years ago, I have no life! Before "them" we used to travel on our United passes to all kinds of fun places - the Orient, Hawaii, Alaska, etc. We also have a 5 1/2 year old boy who is a joy and loves kindergarten, baseball and Power Rangers. We live in a suburb of Chicago and my husband is a criminal defense attorney. I can't wait to see everyone again!

I moved from Nebraska to Arizona in Sept. 1984. Since July of 1988, I have worked for Paychex, Inc. a nationwide payroll and payroll tax processor based out of Rochester, NY. I was in sales for nearly 5 years and in June of 1993 was promoted to District Sales Manager and transferred to Indianapolis. I covered both the Indianapolis & Louisville, KY offices. I did survive the coldest, dreariest winter of my life (-26 degrees!) but decided to transfer back to Phoenix in Sept. of 1994. I am still with Paychex as a National Account Manager. My territory is California & Arizona and I work with 12 different offices. I work with franchises such as Taco Bell & P.I.P. Printing and various associations. I'm very happy to be back in the warmth of Arizona. I enjoy golf, tennis, hiking and the NBA in my spare time.

Janele (Fagot) Walton**35361 North Hwy 13****Craig, CO 81625****970-824-7410**

I have been teaching elementary school in Craig, CO for 13 years, currently teaching Title I Rdg. Have been the adult literacy tutor trainer in Craig for 5 years. Have been playing french horn with a brass octet for 8 years. I have also pursued my interest in sewing and crafts and am sole proprietor of "Nellie's Notions".

Craig Forester (Fagot)**6627 Fernshire CT****Mason, OH 45040****513-398-6899**

In the ten years since the last reunion I have changed my name and lived in six states. No, I haven't been running from the law nor am I in the witness protection program. In 1988 I moved from Nebraska to pursue my career as a mechanical designer contracting to a variety of companies. That same year I changed my last name to Forester, it just seemed to look better than Fagot on the resume. In 1991 I settled down in Cincinnati, OH. I've been married to my wife Stephanie for 12 years and we have a 9 year old daughter whose name is Rachel.

Dana (Flint) Thornburg**503 N. Tyler****Lexington, NE 68850****308-324-2406**

At our 10 year reunion, I was working at the Lexington Police Dept. as a police dispatcher. Nov. 1988 I started working for the Nebraska Dept. of Social Services as a receptionist. Two years ago I became a child protective case aide.

Married to Marvin. We will celebrate our 20th wedding anniversary this December. We have two children: Melissa (16) who will be a Junior and Christopher (11) will be in 6th grade.

Jennie Dell (Gerry) Alkire**RR 6, Box 873****Burnsville, NC 28714****704-682-4777**

Life is great! Now I live in the middle of the N.C. Mountains (verify by looking at a map) paying on a mountain side cabin with a river (the Cane) out my front window. We own 1/2 of the river bed. Came here to retire, I just have to work first. People who know me say I remind them of someone they 'used' to know - or else an 'old hippie' - am I THAT old? Most all call me "crazy". I have a wonderful 17 year old daughter who is my opposite; ie, she's involved. A husband who puts up with me pretty well. 2 dogs & 2 cats round out my "establishment" picture. Wish I still had my blue jean Maxi skirt. Work consists of helping to redesign a resort in Asheville, N.C. and one in Florida. But what takes up more brain power is struggling to get my own design business off the ground - I received a B.S. from UN-L in 1994 in Textiles-Clothing & Design. Hope to be at the next get-together. Until then - Be Happy.

Janet (Geu) Warner**P.O. Box 8069****Camp Lejeune, NC 28547****910-324-3399**

It's been a quick 20 years. After graduation, I worked a couple odd jobs before starting full time at Plectron in Overton. I worked there until getting married to Chuck Warner in May of 1978. We moved to North Carolina for 3 years where our daughter was born in '81. We came back to Nebraska for 3 years to do recruiting for the Marine Corps and our son was born in '83. We went next to Okinawa, Japan for five years and our daughter was born there in '87. Chuck's job in the Corps brought us to San Francisco in '90. I opened a Day Care center there for four years before we moved back to North Carolina. We've built a home and have retirement to decide on in the next couple years. I now work for the school systems in Onslow County and work part-time for Partylite Gifts, Inc. We keep busy with Chuck's basketball officiating; Scouting and sports with our kids; church and traveling. I'm sure the next 20 years will go just as quickly.

Jim Lauby

Lexington, NE 68850
308-324-5335

Well, we've been busy. My lovely wife Gail and I have been married for 20 years. We have two wonderful children, Laura is 18 and Justin is 17. We have lived in Lexington all the time except for 2 years we lived in North Platte where we owned a motel. Two years was long enough, we had to come back home. We sold the motel and moved back to Lex. At that time we started Lauby's Home Furnishings. It is located where the old Frost's Clothing store was. That was seven years ago. Shortly after that we started investing in rental properties. Between the store down town and the 29 rental properties we stay real busy.

Hobbies: I like to fish, go boating with the kids and I collect old cigarette lighters. I have traveled from the east coast (Atlantic City) to the west coast (Las Vegas) trading lighters. We are planning a trip to Europe in 1996 for the world lighter show.

Dreams: The first is to get the kids off to college and then Gail and I would like to semi-retire in about five years. We are going to travel, buying and selling lighters and get into exporting sports car and campers to Europe.

Well I have rambled on long enough. Hope to see everyone at the reunion and we hope everyone has a safe trip.

Mike is employed by the City of Kearney as a foreman. Rita is attending UNK to get her Masters of Business Administration degree, only 2 classes left!! When not attending meetings or class, she enjoys her daughter's gymnastic meets and other school activities, attending softball games, walking, traveling, reading and anything else that gets her out of doing household chores! Imagine writing about 20 years in 100 words or less -- isn't it amazing. I'm anxious to hear about everyone else!

I'm married - my wife Sheryl and I have a 4 year old daughter named Leigh. We presently live in Hooper, Nebr. but are building a new home north of Fremont. We hope to be moved in by May.

I've been working for Schwan's sales for the past 4 years as a retail sales representative. We are doing well and like eastern Nebraska but will always miss Lexington and all our old friends in Lex. and Kearney.

Since the '85 reunion my time has been occupied by family, study, and work. My husband, Jim Lovell-Smith, and children Tim and Jasmine (now ages 13 & 11) moved to the states with me in 1990. I completed my Master of Music in voice at Indiana University in Bloomington. In late 1993 we moved back to New Zealand. Our home is now in Christchurch, the South Island's "Garden City." I enjoy my work as a voice tutor at the new Academy of Singing and Dramatic Art. I occasionally perform in concert or recital and also record for broadcast with Radio New Zealand. We do without T.V. as we all 4 love reading and making music.

Sorry I won't be there -- it's the middle of our winter teaching term!

Husband: Kerry

Children: T.J. (age 15)

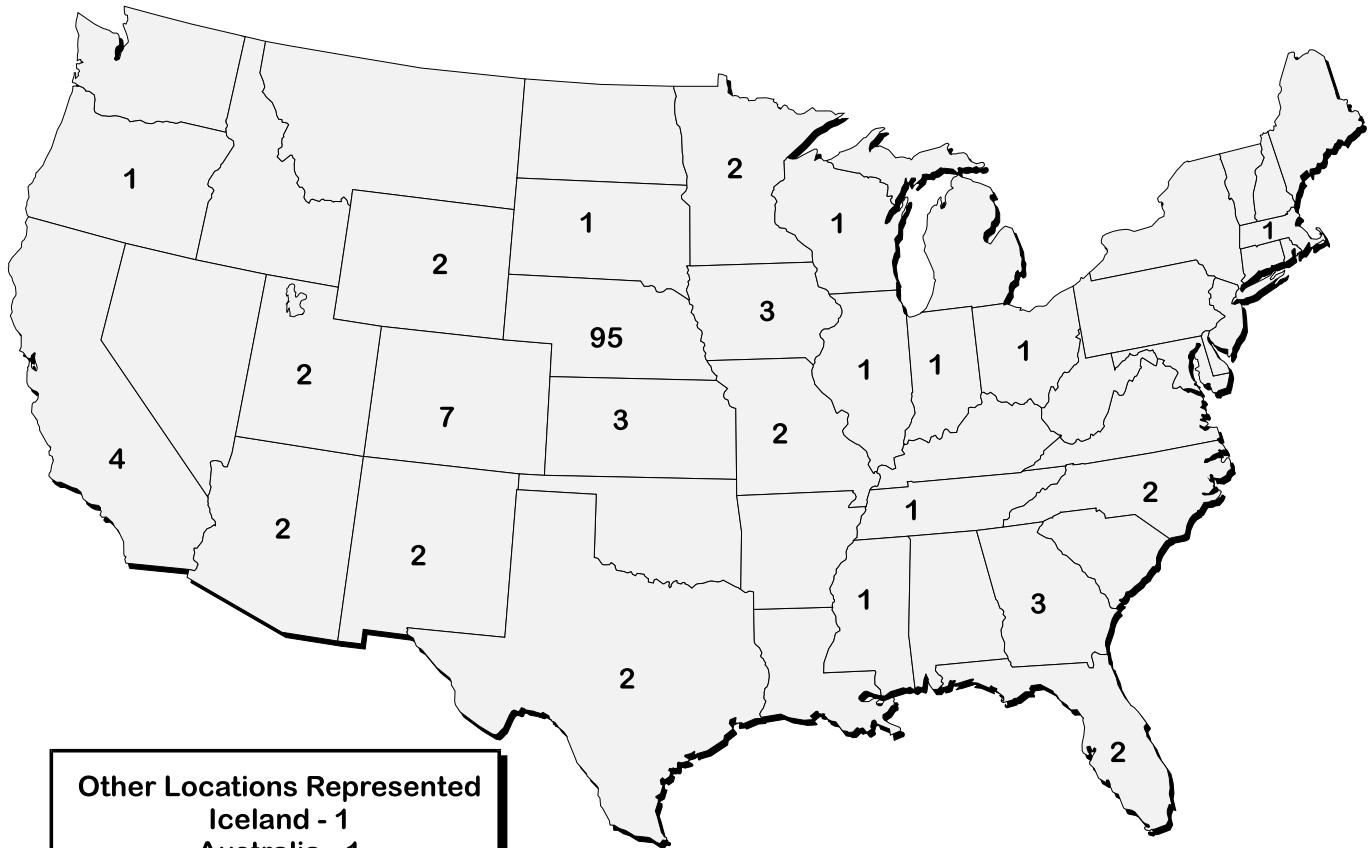

Mindy (age 13)

After 20 years, I have decided what I want to be when I grow up. I have been accepted into the Bryan Memorial Hospital/University of Kansas School of Nurse Anesthesia. I begin May 29 in Kansas City. This portion will last 6 months and then I will return to Lincoln for the remainder of the 30 month program. Because I will be commuting on the weekends, my time at home will be very special. Kerry has eagerly agreed to become "Mr. Mom" for the time that I am gone. I have a strong suspicion that they will do just fine while I am on sabbatical. Post-school plans are not defined as yet.

I have two very happy and healthy children. T.J. is 15 and a 6'4" freshman. Athletics have become a big part of his life. Mindy is 13 and a very busy 7th grader. She, too, is athletically inclined. Kerry is working for Dawson Public Power District.

We returned to Lexington after I graduated from Bryan Memorial School of Nursing in 1978. In addition to being a full-time mom and nurse, I have attended UNMC full-time for the past 2 years to complete my nursing degree. (A prerequisite for anesthesia school.) It has been busy!! We have turned "juggling" schedules into an ART!!!
